Re: Tower Relocation for Heaven 97.7

As a follow up to our conversations over the past few weeks I would like to officially ask for an extension to our deadline to move our transmitter out of George Town to Newlands. I would like to ask for a one (1) month extension in order to complete our move. The negotiations of our space on a tower in Newlands have been drawn out because of different studies that needed to be carried out as well as my reliance on outside parties. I have also been coordinating an engineer visit as well as a tower climber, both to come in from overseas. I have included a preliminary agreement from Katherine Briggs for the use of her tower in Newlands. A more comprehensive agreement will follow shortly. Could you also please confirm that the expenses we incur for this move will be deductible as infrastructure fees in our next fee report?

Yours sincerely

Steve Faucette
Director
