The Information Communications and Technology Authority (the "Authority") and its consultant (Telcordia) are continuing their detailed reviews of the FLLRIC cost model and materials (including answers to the first set of interrogatories) submitted by Cable and Wireless (Cayman Islands) Ltd ("LIME"). In order to facilitate its analysis, the Authority requires LIME provide responses to the questions in the Attachment by 1 September 2010. When responding, please repeat the entire question above the corresponding response to each question.

The questions in the Attachment are grouped in the following categories:

However, in order to help keep interested parties to this proceeding properly informed and to provide LIME with an opportunity to redact the portions of the questions that it considers confidential, LIME is directed to follow the following procedure. If LIME considers any of the information in the interrogatories to be confidential, it is to provide a redacted version of the Attachment to the Authority by 9 August 2010 with copies sent to the distribution list for this proceeding at the same time the redacted version is

submitted to the Authority. If LIME does not consider any of the information in the interrogatories to be confidential, it is to provide a revised version of the interrogatories to the Authority removing the "Confidential" indications by 9 August 2010 and copy the distribution list for this proceeding at the same time the revised version is submitted to the Authority.

If LIME has any questions about the contents of these interrogatories, please feel free to contact Jasper Mikkelsen by e-mail (jasper.mikkelsen@icta.ky) or telephone at (345) 746-9630.
