ICTA

85 North Sound Road

Georgetown KY1-1104

Grand Cayman

Attn: Mr. David Archbold

Ref: Legal Status of the LNP Consortium

David,

Telecayman agrees that the post implementation operation and management of the LNP solution was not included in the mandate of the LNP Consortium. Telecayman is in favor of creating a post implementation "LNP Working Group" which would be chaired by the ICTA. All Cayman based carriers who have assigned NXX blocks would be required to participate in working group meetings. Telecayman envisions the working group would meet quarterly and additionally when required.

Sincerely,

Robert Kanner

Director Operations

Telecayman
