## **New and Improved Web Site for the Information and Communications Technology Authority**

The Information and Communications Technology Authority is pleased to announce that its new and improved web site, [www.icta.ky](http://www.icta.ky), has gone live. Although parts of the site are still under construction and will only become available over the next few weeks, much new content is already available, including details of all applications received to date, and a complete list of all licences issued.

Other recent additions include:

- The publication of responses to a recent Public Consultation on Indirect Access
- The publication of Interconnection, Dispute Resolution and Confidentiality Regulations, and
- Details of a Public Consultation on Wholesale and Carrier Services.

Comments and suggestions for the further development of the web site would be very welcome. They should be addressed to the [webmaster@icta.ky](mailto:webmaster@icta.ky).
